

Field of Dreams Annual Official Corporation Meeting July 7th 2020

Field of Dreams July Meeting was called to order at 6:52 PM by President Bob Ingram

There were 17 members and no guests in attendance

NOTE: April, May & June meetings CANCELLED due to Corona Virus Concerns

A motion was made, seconded and passed by a majority in attendance to accept the meeting minutes from the March 3rd 2020 meeting.

Treasurer's Report The club Treasurer submitted the treasurer's report and reported club assets currently slightly over \$4,500.

Safety Officer's Report The safety officer reminded the club that with warmer weather we are seeing many more hikers and bikers on the park trails. Keep an eye out for these folks and make sure we stay clear of them with our aircraft. If they are walking or biking in an area near our field please ask them (politely!) to move to another safer location. As always.....
WATCH THE DEADLINE!

Instructor's Report Richard Butler reported giving an intro flight lesson to a father & son who are considering joining the club.

Membership The membership director reported that as of the meeting we now have 51 club members.

Old Business Corona Virus Update Bob gave the club an update on the latest Corona virus restrictions and rules for the club in phase II of the re-opening. Members were reminded that we are allowed only two pilots per setup table. We are to maintain a minimum of 6 foot separation. Given that we were also reminded that we can have events and camp out like the pattern contest this coming weekend.

Club Officers With the termination of meetings due to the corona virus the club was not holding meetings during the time of year where we typically nominate and elect the next year's club officers. The President sent out notification emails soliciting nominations for officers. The only nominations that were returned were suggesting we keep the same officers we had in 2019 throughout 2020. The current officers agreed and thus you have the same club officers for the next year. President Bob Ingram Vice President Richard Butler Treasurer Neil Henke Secretary Tom Rainwater Safety Officer Bruce Burgess

Field Maintenance The field maintenance crew has been doing a stellar job and the field looks

GREAT! Members were reminded that mowing occurs on Thursdays and the time is up to the one doing the mowing. Mowers have the right of way so if you are there stand down until the grass is mowed. The field received its first weed spraying and has had an application of microbials and aerated. A huge THANK YOU goes out to those who donate their time to keep our field looking so nice!!! The club discussed having a field improvement day as the tables could use some paint but decided to postpone it until next year.

FAA – FOD LOA The club was brought up to speed on the latest information about the Letter of Agreement (LOA) between the club and the FAA with regard to flying rules at our field. We are waiting to be contacted by the FAA to schedule a conference call with the FAA, Redmond Airport Authority, our club officers and whomever else in the area has a vested interest in our flight operations. During that call we will discuss our current flight envelope and any changes we wish to be made to our current agreement. A brief discussion was had about what we should ask for, if anything, above what is currently in the agreement between FOD and the Redmond Airport Authority. One suggestion was to ask for up to 2000 feet in altitude for gliders. Another was to ask for night flying. If you have any suggestions for other things that should be included please contact a club officer and make your feelings known.

Haystack Spring Float Fly The club held its Spring float fly this past month at Haystack reservoir. It was pretty well attended but the weather was less than cooperative with pretty high winds. The club in LaPine had about 5 members also attend and they donated \$75 to the club for the cost of the campsite.

Scale Meet This event has been cancelled for 2020. Keep an eye out for upcoming information about the 2021 scale event.

Aviation Day This event usually organized by the city of Redmond and held at the fairgrounds has been cancelled this year due to the virus. FOD usually attends this event and then host a following event “Come Fly with Us” that is held the following weekend. The club made a motion which was seconded and passed by a majority of the members in attendance to cancel the “Come Fly with Us” event for 2020.

New Business 2020 Pattern Contest The pattern contest WILL be held this weekend July 11th & 12th and as such the field will be CLOSED to sport flying this weekend. No food will be served due to virus concerns and regulations.

Season Closer Event Labor Day weekend September 5th – 7th the club will host a social flying event for all club members. A motion was made, seconded and passed by a majority of the members in attendance to spend up to \$200 in food for the event. Virus concerns about food had some suggesting pizza or other pre-prepared food as opposed to a cook out. More details to follow on the menu but keep the weekend open to come out and fly.

Fall Float Fly The club has also reserved the same Cottonwood Campgrounds at Haystack

Reservoir for another float fly on the weekend of September 18th – 21st. Get your camping gear and float plane ready!

Fall Swap Meet Due to virus concerns the club has cancelled the fall swap meet this year.

Next Meeting August 4th 7:00pm at
Field of Dreams field

No show & Tell this
month

A motion was made, seconded and passed by a majority of the members in attendance to adjourn the annual corporate meeting at 7:24PM
